

Marist Tertiary Programs Newsletter

Together we Learn and Grow

MTP Newsletter 1 | April 2017

Welcome...

Welcome to our first newsletter. We hope to keep you informed about current and future developments in Marist Tertiary Programs. We are very encouraged by the enthusiasm with which staff in Marist schools are undertaking these programs. People from across Australia and New Zealand are involved and we are working with a range of Australian universities.

Four of our programs are accredited with Australian Catholic University at Australian Qualifications Framework level 9. Another program is formally accredited with the University of South Australia at level 8. In addition, Catholic Education offices in some places offer accreditation for particular programs.

It is great to see that having set up the Marist tertiary programs network, individual participants are finding ways to benefit from the opportunities that working together offers. For example, people doing Footsteps 1 are able to have this course contribute to the Marist Methodology unit in South Australia. Additionally, staff from Marist College Canberra, who are undertaking the Marist Educational Leadership program, can access accreditation from the Catholic Education Office in Canberra for Accreditation C.

Further information about these programs can be obtained from Grace Johnstone or me at any time. Our contact details are displayed below.
